FAU College of Medicine Support Center

Connecting to FAU Wireless

Jeff Clark - 2018-02-12 - Network and Connectivity

Wireless Now Easier for You

You can now connect your wireless devices such as laptops, smartphones, and gaming consoles to the new *fau* wireless network without having to login repeatedly. You'll be asked to perform a one-time device registration and after you will no longer have to log on to the network — you can just connect!

Need to manually add a device?
Visit https://talon.fau.edu/netreg
