FAU College of Medicine Support Center

Online Training: Dynamic Lecture Workshop

Marcelle Gornitsky - 2020-02-07 - Training

What makes a dynamic lecture? This workshop explores how to design your lectures in order to connect with and engage students.

The Dynamic Lecture Workshop objectives are as follows:

- Outline best practices to follow when planning a dynamic lecture
- Identify opportunities to engage students within a lecture
- Develop strategies for incorporating "chunking" and mixed media into lectures

To access his course, which is housed in Canvas, please click on the link below:

Dynamic Lecture Workshop

You will need to log into Canvas with your FAU credentials.
