Taking a quiz in iClicker

Ankit Shah - 2023-07-25 - Software

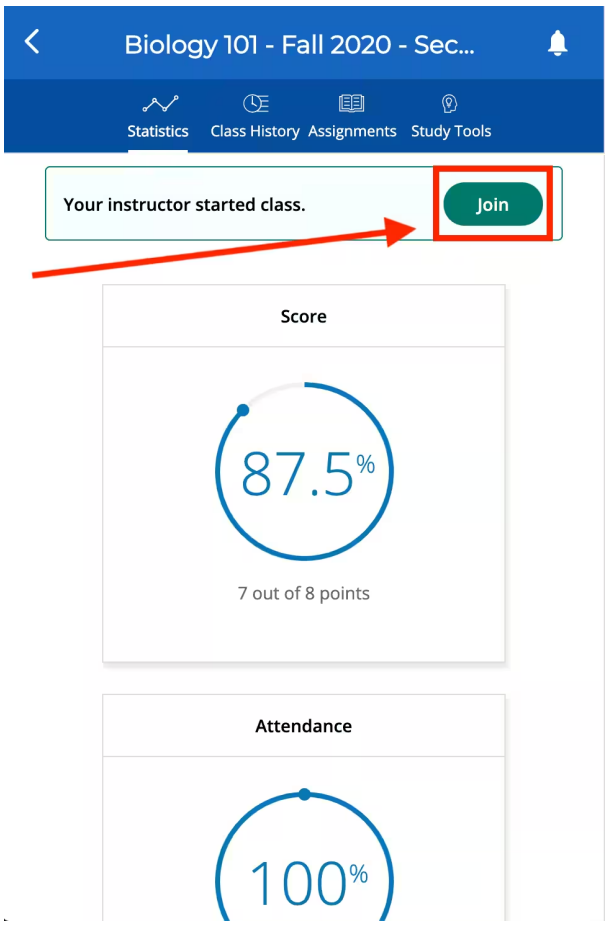
How to Participate in a Quiz with the iClicker Student App

Before starting, make sure you have created an iClicker student app account and added your instructor's course. Then, select the course from your **Courses** list.

Join the quiz

A banner will appear on your screen when your instructor has started class. Select **Join** to participate.

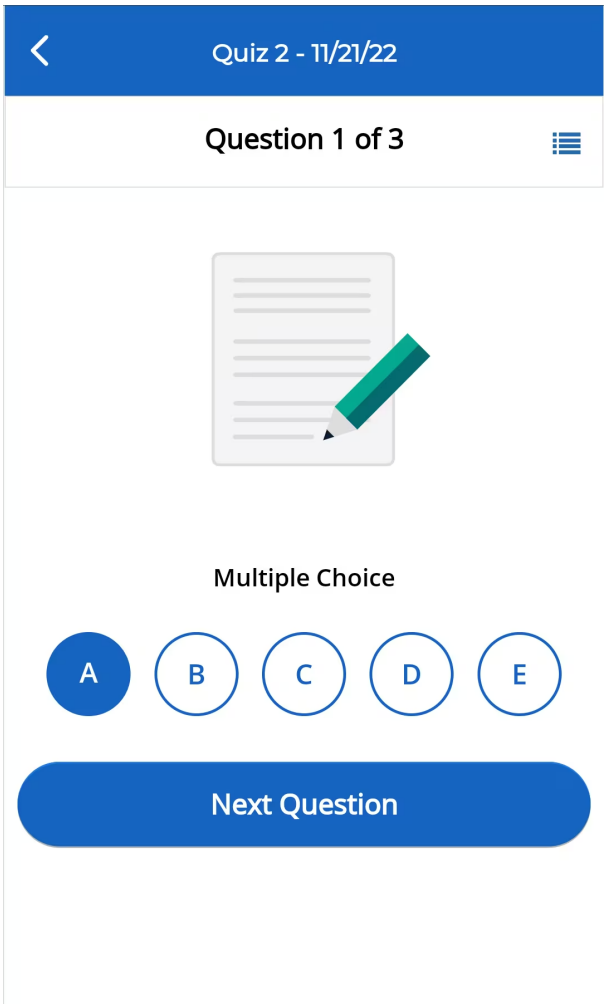
Selecting the Join button checks you in for class, if your instructor has enabled Attendance. It also marks the start of your Focused session, if your instructor has enabled Focus.



Answer quiz questions

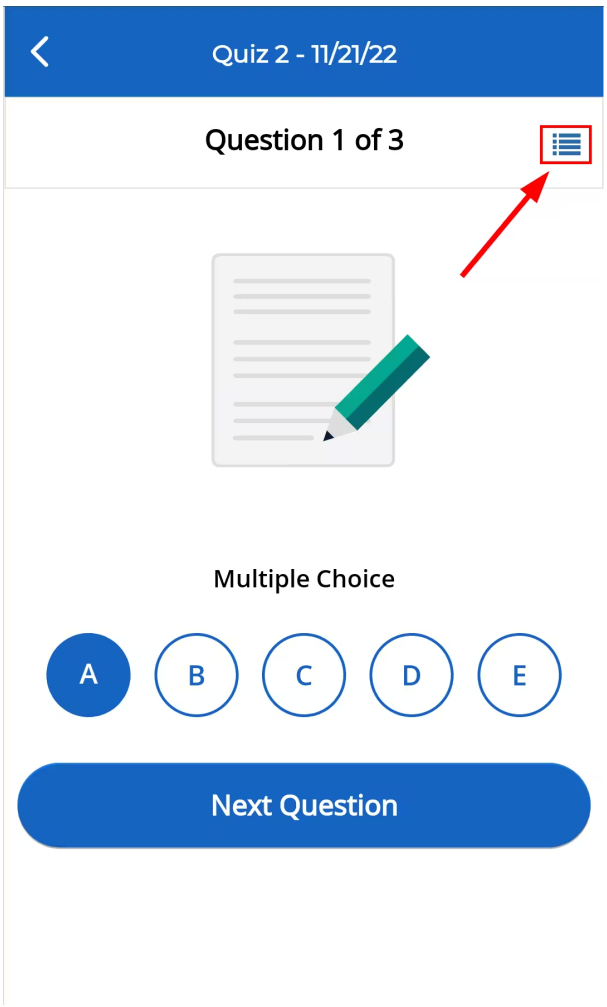
Answer each question by selecting your response. Move to the next question by pressing the **Next Question** button at the bottom. You can go back to previously answered questions to change your responses, if you have time.

If your instructor ends the quiz before you are finished, the responses you have entered will be saved and graded, even though you didn't make it to the submission step.



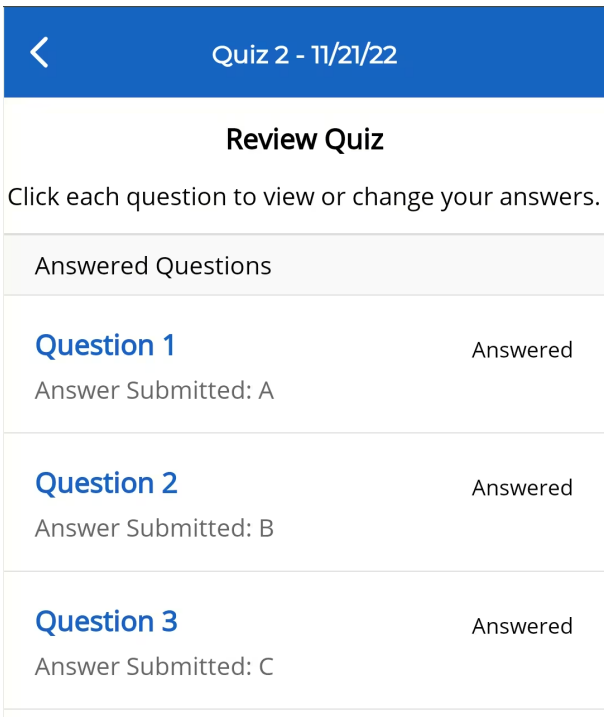
Review your answers

At any time during the quiz, you can review your answers and navigate to different questions using the question list icon at the top right.



For the last question on the quiz, the Next Question button will become a **Review & Submit** button. After pressing it, you will be prompted to review your answers. If you need to, click into a question to change the answer you gave.

This **Review Quiz** screen will also show if you have any unanswered questions at the top, so you can easily go back and try to answer them before the end of the quiz.



Submit your work

When you're finished reviewing your answers, check the box stating that you have not plagiarized, cheated, or received any unauthorized aid and press the **Submit Quiz** button.

Review Quiz

Click each question to view or change your answers.

Answered Questions

Question 1 Answered

Answer Submitted: A

Question 2 Answered

Answer Submitted: B

Question 3 Answered

Answer Submitted: C

I state that the work I am submitting is free of any plagiarism, cheating, and the giving or receiving of unauthorized aid.

You will not be able to change your answers once you submit this quiz.
