1 Course: Medical Science 5 SOM 2017/2018

Content Events Assessment Announcements Mapping

2 **Begin Date:** 2017-10-16
End Date: 2017-11-21
School Year: MED Second Year
Course Director: Ann Alexander
Mapping: Primary Mapping Section for Course
Campus: Main Campus
Your Role: Student
Description:
The second year builds on the basic science and clinical skills of the first year and leads to periods of more intensive clinical practice. By the end of this year, you should be able to recognize common disease patterns in medicine and surgery and be capable of reaching a diagnosis of the more common illnesses. You should also be able to plan first-line clinical investigations.
Medical Science 5 will primarily focus on Pathology and Pharmacology.

Course Information (2)

The course screen is the repository for the basic information about your course. It shows you:

- Course director(s)
- Course Coordinators
- Course Level Documents (Syllabus, Lab Manuals, etc)
- Basic course description
- Course Content

Course Materials (3)

Course materials are organized by category. Items in bold have not been downloaded and also correspond to the item number in red. Use the convenient tools to download all into a .zip file. Files can also be downloaded individually.

- You can click on each item to download the document (or open a new window for web links).
- Or you can select all or multiple select and then click the download icon to begin the download process.
- All files will download as a .Zip file

The image displays three sequential screenshots of a web interface for managing course materials. Each screenshot shows a list of documents under the heading 'Course Material'.

- Top Screenshot:** Shows a list with two items: 'Biomarkers_Cardiovascular_Disease' and 'cell_structure'. A tooltip 'Include all documents in download package' is visible, with an arrow pointing to a checkmark icon in the top right corner.
- Middle Screenshot:** Shows the same list, but both items are now checked. A tooltip 'Remove all documents from download package' is visible, with an arrow pointing to a square icon in the top right corner.
- Bottom Screenshot:** Shows the list with 'cell_structure' checked and 'Biomarkers_Cardiovascular_Disease' unchecked. A new item, 'Circulation_research', is at the bottom. A tooltip 'Download selected documents.' is visible, with an arrow pointing to a download icon in the top right corner.
