OwlMed PET: How to find out if and when a particular diagnosis was added to your log

Marcelle Gornitsky - 2020-10-21 - OwlMed and Canvas

How to find out if and when a particular diagnosis was added to PET logs

On the PET Manager Screen for the course/clerkship you have selected, you have the ability to view a list of Diagnoses by Selecting **Options>Diagnoses**

This is bring up a list of diagnoses, with a column for overall Total and Total for the Current course.   If you would like to see when the diagnosis was logged, click on the number.

PET

| Option / Activity	Total	Current Course
* PED - Calculate Fluid Orders	1	1
* PED - Cough	1	1
* PED - Diarrhea	1	1
* PED - Ear pain	1	1
* PED - Fever	2	2
* PED - Jaundice	2	1
* PED - Pharyngitis	1	1
* PED - Pneumonia	1	1
* PED - Rash	1	1

Viewing 1 to 10 of 13

This will bring up the PET entry/entries, which includes a summary of the entry, including the date.

PET

Crs	Date	DOB	Sex	Location	Role	Supervisor	P/T
M3 - Pediatrics	2020-10-06	Teenager (14 - 20 yrs)	M	Joe DiMaggio Children's Hospital	Participated with Supervisor	FAU Faculty
